

Year 11 and 12 Maths Revision Help for T6

MyMaths Booster Packs

The following is aimed at students aiming for a grade A*/A/B in T6

1. Log in as usual to MyMaths.co.uk
 2. Go to Booster Packs on the Main Menu (left hand side)
 3. Click on the D2C Button
 4. Under each of the headings listed below, complete the named sections as your revision, then do the 'Revise it' and 'Online Worksheet' at the end of each section. You can tick them off as you complete them on this sheet.
- (For the worksheet, if you login with your own username, your teacher will be able to see what you have done as well).

The screenshot shows the MyMaths.co.uk website interface. The left-hand navigation menu is open, with 'Booster packs' highlighted. Below it, there are options for 'Three boosters', 'Four boosters', 'Six boosters', 'D2C', and 'C2B'. The main content area is titled 'Booster packs' and contains the following text:

These booster packs have been written to help progress to a higher level or grade. You will need to find out from your teacher which pack is best for you.

The booster packs have easy-to-navigate lessons to help you revise and online worksheets to test you.

If your teacher has given you your own login and password, then make sure you are logged in to My Portal. MyMaths can then record your scores.

You can view work that has been set and monitor your progress at any time using My Portal.

Choose your booster pack on the left then use the main page to choose a topic.
