

## Year 10 Core 8 - Outline of Work

| <i>Term</i>   | <i>Unit</i> | <i>Chapter</i> | <i>Contents</i>                | <i>Page Number</i> |
|---------------|-------------|----------------|--------------------------------|--------------------|
| <b>Term 1</b> | 1           | N2.1           | Fractions and Decimals         | 45                 |
|               | 2           | N2.2           | Calculations with Fractions    | 48                 |
|               | 3           | N2.3           | Percentages                    | 53                 |
|               |             | N2.4           | Mental Methods (1)             | 59                 |
|               |             | N3.1           | Place value, ordering and      | 96                 |
|               |             | N3.2           | rounding                       | 100                |
|               |             | N3.3           | Mental methods (2)             | 105                |
|               |             | N3.4           | Written methods                | 108                |
|               |             | GM2.1          | Using a calculator             | 73                 |
|               |             | GM2.3          | Area                           | 79                 |
|               |             | GM2.3          | Volume                         | 82                 |
|               |             | GM2.4          | Plans and elevations           | 85                 |
|               |             |                | Units of measurement           |                    |
| <b>Term 2</b> | 4           | S2.1           | Surveys                        | 126                |
|               | 5           | S2.2           | Analysing data (1)             | 131                |
|               | 6           | S2.3           | Representing data              | 135                |
|               |             | S2.4           | Interpreting data              | 141                |
|               |             | S3.1           | Collecting data                | 178                |
|               |             | S3.2           | Analysing data (2)             | 131                |
|               |             | S3.3           | Comparing distributions        | 184                |
|               |             | N4.1           | Order of operations            | 145                |
|               |             | N4.2           | Checking                       | 147                |
|               |             | N4.3           | Ratio                          | 149                |
|               |             | N4.4           | Graphs in real-life situations | 154                |
| <b>Term 3</b> | 7           | A1.1           | Generating sequences           | 13                 |
|               | 8           | A1.2           | Describing frequencies         | 17                 |
|               |             | A2.1           | Simplifying expressions        | 62                 |
|               |             | A2.2           | Using equations                | 65                 |
|               |             | A2.3           | Formulae                       | 70                 |
|               |             | A4.1           | Formulae and expressions       | 158                |
|               |             | A4.2           | Using graphs                   | 161                |

**During the course of the year pupils will be formally assessed on 5 occasions.**
